

Sioux Dollman's Magical Creations

My Story

I am an artist who has been living and creating in the Yarra Valley for the past 17 years. I have been part of the Open studios program and have a passion for creating and teaching within communities. The joy, the connection, inspiration, skill sharing, story sharing, healing, support, a sense of place, of being, of belonging.

It brings pure fulfilment to my heart to share and inspire others and watch, witness the joy and nourishment of people coming together to create in a supportive caring environment. I have worked with ferro cement, using recycled waste covered in wire and cement render creating seats, walls, Sculptures and more. I am now working with mosaic murals, steps, floors etc...and painted murals. All great mediums to work with with communities. Everyone can take the skills learnt from workshops and can continue at home and beyond; many do.

Recent Community Projects

- **Seville Community House** – Mosaic 3m circle in healing garden. Ferro cement garden seat and affirmation painted totem poles.
- **Ghilgai Stienen School** - Mosaic mural. 100 students created 100 mosaic flowers.
